VOCATIONAL SCHOOL GROUP—Shown at Revolution Apartments after the awarding of night school certificates last Saturday night are, left to right, Mrs. Roger Johnson, Wallace Bourne, Jimmy Winslow, Marion Heiss, vice-president; Coley Phillips, Roger Johnson and Grover T. Luck.

## Marion W. Heiss Speaks To Revolution Night School Students Sat.

Cone Mills Vice-President Marion W. Heiss, speaking last Saturday night at the Revolution banquet honoring Cone Vocational School employees who are employees of Revolution Division Flannel Plant and Rayon Plant, and the Randleman Plant, urged continuation of the spirit of working together for the mutual benefit of the entire textile industry and the economy of the nation as a whole.

### Progress Important

Citing instances in which Cone Mills has recently made great strides in new textile developments, Mr. Heiss pointed out the importance of progress in the entire textile industry and in the work of the Cone Mills in order to insure future steady employment.

### Man is Individual

"No invention or development is worth anything unless we saturate ourselves with the true spirit of America and the spirit of the Divine Being who created man as an individual, not as one to be caught up in mass movements which will destroy his dignity and respect for other individuals," declared Mr. Heiss.

He stated that in the course of progress, problems will naturally arise, but that with mutual respect and understanding, they can be solved.

Mr. Heiss referred to the New England textile industry which was at one time one of the most prosperous in the nation as now the victim of unscrupulous politicians and leaders who through creation of strife and bitterness have gained control of the now practically extinct free enterprise in that area.

### New England Fate

"New England is gone as an industrial center, and according to certain signs, the area around Greensboro could easily become another New England."

"In our section we have built a healthy, wholesome free enterprise system with good relationships and mutual understanding and respect," stated Mr. Heiss. "Let us as free thinking individuals choose the path which will keep it that way."

Mr. Heiss told the Revolution employees that plans are now to run a 6-day week through the month of May, then to go on 5 days for the Summer months.

### Research and Development

"Although spun synthetics have been hit harder than any textiles within the past year and a half, we are not asleep; we are doing everything we know how to do to increase quality of our Rayon Plant products. Because of a desire to give steady employment, we have during this time run production at a loss. We have confidence in ourselves and confidence in you that progress will be made to insure employment in the future."

### Three Great Names

Mr. Heiss told the history of the development of the new Dacron shirts now being offered on the market under three great names, Cone, du Pont, and Brooks.

## Names of Banquet Assistants Listed

Revolution women who assisted with the Vocational School banquet last Saturday night at Revolution were Mrs. Hannibal Moore, Mrs. Merlin Beaver, Mrs. L. L. Hinshaw, Mrs. Clem Dowdy, Mrs. Lennie Ritter, Mrs. Johnnie Lowe, Mrs. Mack Welch, Mrs. Ernest Cockman, Mrs. Roy Strickland, Mrs. Wilbur Parrott and Mrs. Lowell Steele.

Those at White Oak who assisted with the banquet were Mrs. Gustav Ziprik, Fred Ziprik, Wayne Cates, Fay Gilbert, Dave Cheadle, Mrs. Peter Johnson, Mrs. H. M. Angel, W. L. Riley and Gustav Ziprik.

### Song-Sermon

Rankin Baptist Church choir will offer a song-sermon, "The Cross of Christ," on Sunday night, March 29. This will consist of readings of scripture and choral readings.

## Fourteen Instructors Complete Teaching

Instructors and courses they taught in the Cone Vocational School this year were:

Richard Sullivan, two classes in mechanical drawing; Raymond Kincaid, basic textile arithmetic; Wilbur Honeycutt, textile machine calculations; James Medley, loomfixing; Herman Lewey, loomfixing; Otis Hutchens, card grinding and fixing; Lacy Wyrick, textile testing and chemistry; C. C. Henson machine shop theory; John Cole, machine shop practice; John Simpson, machine shop practice; Percy Gibson, loomfixing; Arnold Tidwell, David Oakes and James Clapp, all loomfixing.

## Red Cross Drive Brings \$11,159.83

Cone Mills and employees in Greensboro contributed \$11,159.83 to the Red Cross fund drive during the week of March 4-11.

The company itself gave \$5,000; officers and office employees, \$4,360; Proximity Plant employees, \$226.60; White Oak Plant employees, \$218.55; White Oak Power Plant employees, \$53.50; Revolution Flannel Plant employees, \$60.88; Print Works Plant employees, \$716.30; Guilford Products Co. employees, \$17.00, and Sample and Printing Departments of Cone Mills Inc., \$49.00.

Services of the Red Cross can be continued only through the local chapter's reaching its minimum goal. So far, the \$50,000 mark has been reached and there is yet \$46,710 to go. Sixty-two per cent of the money collected in the Greensboro area will be retained in the Greensboro area. Only 38 per cent goes to the national Red Cross, which carries on the blood program and maintains the staff with the armed forces.

A report of the nominating committee will also be heard.

All persons who have not contributed and would like to do so may send their donations to Red Cross, 301 N. Davie St., Greensboro.

The ceremony took place at the Mt. Hope Evangelical and Reformed Church with the pastor, Rev. Homer F. Yearich, officiating.

The bride was attended by her sister, Mrs. G. A. Neese, as matron of honor, and Miss Doris Joyce, as junior bridesmaid, both of Route 1, Whitsett. The bridegroom was Mr. Neese for best man.

Mr. and Mrs. Gerringer are living on Route 1, Whitsett. Both are employees of Minneola Plant, Gibsonville.

Mrs. Gerringer is a graduate of Alamance High School.

## NOTICE

Cesair Cone Parent-Teachers Association will meet next Tuesday night in the school at 7:30. Rev. G. E. White, pastor of Carraway Memorial Methodist Church, will give the devotional. He will also make a talk on "World Citizenship."

One tennis court will be open at White Oak Y next week if the weather permits. If you like tennis come on out and make use of this court.

Tennis Court Now Ready

One tennis court will be open at White Oak Y next week if the weather permits. If you like tennis come on out and make use of this court.

Volleyball Tonight

Anyone interested in volleyball be in the gym at the White Oak YMCA tonight at 7:00.

The third shifts will resume operations at 11:00 o'clock Monday night, April 6, and other shifts will start up at the regular time on Tuesday, April 7.

The undersigned Plants will stand Easter Monday, April 6, 1953.

The third shifts will resume operations at 11:00 o'clock Monday night, April 6, and other shifts will start up at the regular time on Tuesday, April 7.

## A Quality and Efficiency Era

Competition and market conditions are such that greater emphasis is being placed upon the quality of fabrics.

A realization that buyers are constantly comparing the quality of fabrics produced in one mill with the quality produced in other mills should cause every person involved in the manufacture of cloth to be more quality-conscious.

If the individual would only stop to think about his attitude in connection with the fabrics he buys, he would realize how important it is that he perform so that the cloth he helps to make will be judged in a similar manner when it gets to the garment manufacturer and when it gets to the ultimate consumer who buys the garment.

Indifference as to quality can lead to poor business for any mill. Poor business, of course, leads to curtailment and losses.

It seems that it is not enough for a mill to produce the cloth as good in quality as it did several years ago, for the standards demanded by the public are higher than they have ever been before. Competition, therefore has caused mills to put forth an all-out effort to improve quality of their products. There is a constant effort being made by competing mills to turn out higher quality cloth than other mills so that they can be considered as the best source of supply from a quality standpoint.

As most of our readers know, quality is not controlled in any one department, nor can inferior workmanship in one department be overcome in another. The quality of laps, roving, sliver and yarn have their effect upon the quality of grey cloth. If grey cloth is not up to satisfactory quality standards, good finishing cannot overcome the deficiency.

It is believed that it can be truly said that the quality of output in the mill reflects upon the quality of those who have a part in the processing of cloth.

Therefore, it is to the best interest of all to cooperate fully in producing the highest quality possible.

This is truly a quality and efficiency era.

## Proximity School News

Proximity Band Takes Part in Contest

On Friday, March 13, the band of Proximity School, under the direction of Mr. George Toenes, made a trip to High Point to participate in a state-wide musical contest.

A panel of four judges rated the band as excellent.

The group played "Military Escort March," "El Burrito," and "The Town Crier."

On March 20th Mrs. Russell's room presented a play entitled "St. Patrick Saves the Day" to the stu-

dent body.

The devotion was given by Louise Coffey. The introduction was given by Mae Lanning.

Those who participated in the play were: Jean, Shirley Everett; Kate, Doris Keller; Ruth, Ruth McKinney; Ella, Judith Leonard; Jane, Anne Collins; Mr. Murphy, Barbara Denson; Carl, Johnny Baynes; Bill, Harold Wrenn, and Tom, David Butler.

Grandpa!

George Hamer is a grandfather although he doesn't look like one, for all of his 44 years. His granddaughter, Susan Weir Dillard, was born Wednesday, March 11, in Alexandria, Va., where her father, Starke Spotswood Dillard, Jr., is a student at the Episcopal Seminary. The baby's mother is the former Angela Weir Hamer.

Granite News  
by Bertha S. Clayton

The family of W. D. Ham met at the home of Mr. and Mrs. Fred Allen of Sanford on Sunday for a family reunion and homecoming. The birthdays of Mrs. William Ham of Burlington and Mrs. Allen of Sanford were celebrated. It was also the last time that John Ham would be home before going overseas with the United States Army. All members of the family brought dinner, which was served picnic style.

The Night Circle of the Haw River Methodist Church met on Monday evening at the home of Mrs. Joe H. Jones. Mrs. Huston of Burlington presented the members of the circle with a proposition that her company would like to offer as a project for making money. After the business session led by the leader, Mrs. Ernest Workman, Miss Cleora had a very interesting program. Mrs. Jones assisted by her daughter served a party plate to the 16 members and one visitor present.

Archie Childress visited Mr. E. Talley of Greensboro over the weekend.

Mr. and Mrs. A. S. Mora attended a birthday dinner at the home of Leo Mora on Sunday. The family and friends were present. Bobby Bain, who has just returned from Korea, was a special guest.

Rev. Vicks, pastor of the Mebane Methodist Church, spoke on "Parent and Child Relations" at the Haw River P.T.A. on Thursday evening.

Mr. and Mrs. Paul Sturdivant and daughter of Chapel Hill spent Sunday with Mr. and Mrs. Clarence Blackwood.

Mr. and Mrs. C. A. Beauford, Mr. and Mrs. James Bulla and son spent Sunday visiting the Jack Beaupards in Greensboro.

Mr. and Mrs. Olan Bell, former residents of Haw River, are moving back to Alamance County from Florida. The Bells' son was killed in an accident two weeks ago.

Mrs. Robert Jones gave her husband a birthday dinner at Mr. Jones' mother's last Sunday. A delightful affair was enjoyed by members of the family.

A baby daughter was born to Mr. and Mrs. Levi Aldridge Monday, March 16, at Alamance General Hospital. Mrs. Aldridge is the former Ida Aldridge.

Mrs. John Thompson spent part of the week with her daughter and son-in-law, Mr. and Mrs. Paul D. Smith in Greensboro.

The Young Men's Class of the Haw River Baptist Church will be given a supper on Saturday evening. The class had the highest percentage in attendance at Sunday School for the past three months. Robert Smith is the teacher.

Mr. and Mrs. R. L. Glenn and son and Mr. Oscar Capes spent Sunday visiting in Chapel Hill and Saxaphaw.

Mrs. Kermit Ingold and baby and Miss Betty Jean Smith spent Saturday with Mr. and Mrs. R. L.

Glenn.

Mr. and Mrs. R. D. Beckwith spent Sunday with Mrs. Beckwith's sister, Mrs. J. P. O'Brien, in Greensboro.

Mr. and Mrs. F. T. Childress and children spent the past week end visiting Mr. Childress' brother, Paul, in the western part of North Carolina.

Randolph Clayton, who has been in the army for the past two years, was a visitor at Granite this week. He will be back to work next week.

Mr. and Mrs. J. W. Black and Mr. and Mrs. Robert Griggs spent Sunday in Pineville.

Mr. and Mrs. Howard Webster and son spent the week end in Colfax. They attended the services at the Church of the Latter Day Saints.

Mr. and Mrs. R. L. Glenn and son and Mr. Oscar Capes spent Sunday visiting in Chapel Hill and Saxaphaw.

## Thoughts On The Business Of Life

What religion needs today is not more flying with God, or leaping with God, or jumping up and down with God, or going into spasms and convulsions and epileptic fits with God. What religion needs today is more walking with God. Milo H. Gates, D.D.

Don't judge a man by his opinion of himself. — J. L. Schmidig

Were I to pray for a taste which should stand me in good stead under every variety of circumstances and be a source of happiness and a cheerfulness to me during life and a shield against its ills, however things might go amiss and the world frown upon me, it would be a taste for reading. — Sir John Herschel

The sooner we come to understand that things can be done without our assistance, the sooner we reach our philosophy of life. — Anderson M. Baten

Prejudice, ignorance, bitterness and, above all, selfishness are the great obstacles to peace in people, groups and nations. — Joseph A. Tytheridge, D.D.

Good breeding sums up in its instinctive attitude all the efforts a man has made towards perfection, aye, and all that his ancestors have made before him. It is unconscious, the simple acting out of a sound, wholesome nature. — C. Hanford Henderson.

How is it possible to expect that mankind will take advice when they will not as much as take warning? — Swift

A man who dares to waste one hour of life has not discovered the value of life. — Darwin

Walter B. Pitkin has written book on "Life Begins at Forty." I rise to offer a substitute, Mr. Pitkin, "Life Begins Each Morning." Whether one is twenty, forty or sixty; whether one has succeeded, failed or just muddled along; whether yesterday was full of sun or storm, or one of those dull days with no weather at all, Life Begins Each Morning! . . . Each night of life is a wall between today and the past. Each morning is the open door to a new world—new vistas, new aims, new tryings. — Leigh Mitchell Hodges

Our business is not only with eternity but with time, to build up on earth the kingdom of God, to enable man to live worthily and not merely to die in hope. — Lord Tweedsmuir

If a man will begin with certainties, he will end with doubts; but if he will be content to begin with doubts, he will end in certainties. — Bacon

Glenn.

Light brown Chow dog, two or three months old, found near Proximity Y. If owner will contact Fay Gilbert at 3-1271 or Cone Memorial Y he can claim the dog.

Mr. and Mrs. F. T. Childress and children spent the past week end visiting Mr. Childress' brother, Paul, in the western part of North Carolina.

Randolph Clayton, who has been in the army for the past two years, was a visitor at Granite this week. He will be back to work next week.

Mr. and Mrs. J. W. Black and Mr. and Mrs. Robert Griggs spent Sunday in Pineville.

Mr. and Mrs. Howard Webster and son spent the week end in Colfax. They attended the services at the Church of the Latter Day Saints.

Mr. and Mrs. R. L. Glenn and son and Mr. Oscar Capes spent Sunday visiting in Chapel Hill and Saxaphaw.

Mrs. Kermit Ingold and baby and Miss Betty Jean Smith spent Saturday with Mr. and Mrs. R. L.

Glenn.

## Pythian Echoes

by R. Cole Lee

extra large attendance will be out to start these candidates on the right foot. How about it, fellows?

Special recognition was given to Pythian Buck Sewarding for the interest he took in placing the TV in proper working condition. Folks, if you have any trouble with your radio or TV, this Pythian Sewarding is a handy one to know.

Reported on our sick list are Pythians S. R. Basinger, Cordie Beverly and R. G. Hardin Basinger and Hardin are at the Come Hospital while Beverly is at home. Word was received from each of them that the flowers sent were lovely and that such manifestations of God's handiwork has brought them a long way toward recovery.

W. B. Burke, appointed at the meeting a week ago to look into T. G. Watkins' tardiness, reported that the only reason he could find for such action was "monkey business." Watkins, although present and very much on time, had no comment but simply accepted Burke's explanation as humorous gossip. Speaking of T. G., I just want to pin a flower on him for his excellent faithfulness and dependable service he has shown to the Lodge since I have known him.

In his quiet and easy manner mixed many times with good humor, he sincerely performs whatever task might be placed upon his shoulders and that without a murmur or complaint. Another thing I like about T. G. is that he is just his plain self. There is no put-on or superficiality about his mannerism. In this connection may I recite a little poem which I think can be helpful to us all.

Don't be what you ain't,  
Jes' be what you is;  
If you is not what you am,  
Then you am not what you is.

If you're jes' a little tadpole,  
Don't try to be a frog;  
If you're jes' the tail,  
Don't try to wag the dog.

You can always bring in a member,  
If you can't preside or teach;  
If you're jes' a little pebble,  
Don't try to be the beach.

Don't be what you ain't,  
Jes' be what you is;  
For the worker what "shoots" square,  
Is bound to get "HIS."

So, like T. G., be loyal, be interested, be industrious, then "Jes' be what you is."

We can not close without saying that our sincere sympathy goes out to Pythian Howard Heath in the loss of his father. Anything we can do, Howard, ole boy, just call on us.

## Minneola News

by Opal Isley

Clyde Bateman and son, Dan; Manely May, Howard Shepherd and Vernon Younger, spent the week end fishing at Long Beach.

Vance "Tuney" Stewart, who had a heart attack last week, is a patient in St. Leo's Hospital.

J. D. Patton, who has been sick for some time, has re-entered St. Leo's Hospital.

Mrs. Ed Chrisman is a patient at St. Leo's Hospital.

Mrs. John Stewart, who fell and broke her hip, is a patient at Alamance County Hospital in Burlington.

Mr. and Mrs. W. M. Cobb, Greensboro, spent Sunday with Mrs. E. J. Isley.

## Cotton Mgr's. Head Cites Glamour of Textile Industry

CHARLOTTE — The president of the American Cotton Manufacturers Institute predicted that "if we are living in an age of textile renaissance — as indeed we are, it is yet one of youthful and vigorous growth."

W. A. L. Sibley of Union, S. C., described advancing technology and wonders of scientific discovery as bringing a high degree of a relatively new element — glamour to America's oldest manufacturing industry which was the pioneer of mass production.

"In the fast-moving tempo of our times we can only guess at the new discoveries of benefit to mankind that fundamental research will catalyze," he added.

But in textiles, he said, research is laying the groundwork for what inevitably must be "unbounded progress" — new fabrics and finishes, new markets, cheaper methods, better quality and time-saving techniques."

The public, he said in an address here before the Rotary Club, is becoming familiar with new man-made fibers — and still others are in the development or laboratory stage, but a lesser known development is that the scientist is finding he can poke into the raw cotton fiber and actually change the molecular arrangements that have stood the centuries.

Yet this, he added, is only one of the fabulous things that is creating new horizons for the most versatile fiber known to man — and which Americans use twice as (Continued on Page 4)

## Humpty Dumpty STRIKES IT RICH

Humpty Dumpty sat on a wall,  
Humpty Dumpty started to bawl.  
But then he bought some bonds for defense,  
And now Mister Dumpty's smile is IMMENSE!

Place the edge of a pocket mirror along dotted line. Hold the mirror vertically, and look into it from the left. You'll see how Humpty Dumpty looked when he cried. Now turn the mirror so it faces right, with the edge on dotted line as before. Look into the mirror and you'll see how Mr. Dumpty looked after he bought his Defense Savings Bonds!

### Revolution Items

Mrs. W. L. Ritter has returned home after a week in Moore County with her brother, Mr. Ruben Maness.

Mrs. Augie Ford of High Point has returned home after visiting her sister, Mrs. Lizzie Miles.

Misses Dorothy Cockman, Mary Hubert and Mrs. Hubert spent last weekend in Charleston, S. C., where they attended the Azalea Festival.

Mrs. Lee Cockman and Mrs. Ernest Cockman spent Tuesday evening in Winston-Salem with Mr. and Mrs. Jerry Cockman and family.

DEACONS—Shown following the ordination of three deacons at Palm Street Christian Church are those who participated in the service. New deacons are Thomas Hopkins, Paul Squires and R. Merlin Beaver. Left to right, front row, are Lester Ferguson, R. S. Yarborough, Mr. Hopkins and S. C. Brady; back row, Mr. Squires, Rev. Mack Welch, pastor; J. Robert Bennett, Mr. Beaver, A. H. Hinshaw, and Mack Fulk.

day afternoon. They were Daniel Wayne Brown, son of Mr. and Mrs. Bascom Brown, 2210 Jenkins Street, and James Caesar Kenett, son of Mr. and Mrs. Carl Kenett, 1509 13th Street.

Others present were Jerry Stanley, James Roberson, Clefton Stanley, Samuel Craig, Nicholas Costas, William Caviness, Jr., Nancy Carol Caviness, Cynthia Douglas Wright, Susan Ann Washburn, Terri Ann Jarrett, Andrea Kay Hicks, Stephen Hicks, Cynthia Creed, Sandra Creed, James Kendricks, Brenda Beal, Linda Ruth Adams, Jeanette Adams, Marion Bean, Linda Miller, Grady Bowban, Rebecca Coligan, Jackie Pegram, Janet Lewis, Janice Lewis, Sandra McMasters, Sarah Brezale, Theresa Ann McDaniels, Sue Martin Ritchey, David Wren, Robert in Lindsay, and Willie Lee Gray.

According to the church, the last few Sundays attendance has increased greatly, therefore the project has proved effective. The residents of East White Oak are not only attending the churches in large numbers, but are pleased with the music.

The father-and-son banquet will be held tomorrow night, March 28, at the East White Oak Y. Rev. R. C. Sharpe will be the speaker for the evening.

Field directors and hospital workers gave assistance in 1,132,000 cases of servicemen needing Red Cross aid at military installations and hospitals in this country and overseas.

COTTON MFG.'S HEAD  
(Continued from Page 3)

much as they do all other fibers combined.

"There's magic and glamor in textiles as never before in the world's history," he said, adding:

#### New Ideas

"As pronounced as the industry's interest in research is its promptness to apply research findings. New methodology in processing, new machinery, refinements and machinery layouts are eagerly seized upon and put into use.

"The pressure of high wages, the multiple shift and high capital investment per employee makes for an intense competition which today places a high premium on the findings and application of these new ideas.

Instructor for the course will be Garland Murray, Safety Services Director for the local Red Cross.

Anyone desiring to register for this course should contact Mr. Murray at the Red Cross office at 3-4481.

Describing the modern textile industry as "high risk business and, as such, carrying high potentiality for rewarding individual initiative," Mr. Sibley said.

"When you mix the ingredients of technology, glamor, individual-

GUESS WHO? — This young chap is now an employee in the Power Plant at the Proximity Plant.

Clarence Hilliard

ism and the opportunity of both risk and high reward, you have something approaching the composition of an industry that by its very nature and structure is the frontier of the American free enterprise system."

Mr. Sibley, who is vice president and treasurer of Monarch Mills, said that many young men even sometimes without any previous textile background, are hitching their careers to textiles because of these very things.

#### Competition

"The textile industry is probably the most competitive of all industries, because of the vast number—well over a thousand—of individually owned units. Textile executives are highly paid because they are the risk takers on whom jobs and the versatility of fabrics depend in an age of textiles when it is possible to engineer fabrics to particular end-use specifications."

"Look around a modern textile mill today and you will likely chance upon a young man, or several of them, in shapeless trousers and soiled blue workshirts who not long ago received their diplomas at well-known textile schools.

"They are getting practical training at the bottom—but not for long, for they are marked for advancement, tomorrow's executives in an industry which pays

REVIVAL—Rev. Douglas Winn, speaker for the revival services at Revolution Baptist Church which begins March 29 and continues through Sunday, April 5. Rev. Winn began preaching at the age of 8. He has preached every night but two weeks for the past 12 years. The public is cordially invited to hear him each night at 7:30. The music will be directed by Leroy Hartgrove. S. L. Riddle is pastor.

"There are washable wall coverings made of cotton. Cotton and synthetics are combined with metallic yarns to produce striking fashion effects and with glass to make a high-visibility fluorescent clothing for nighttime safety. Addition of a thin metallic coating to a piece of sheeting provides a lightweight fabric with the warmth of a heavy blanket.

REVIVAL—Rev. Douglas Winn, speaker for the revival services at Revolution Baptist Church which begins March 29 and continues through Sunday, April 5. Rev. Winn began preaching at the age of 8. He has preached every night but two weeks for the past 12 years. The public is cordially invited to hear him each night at 7:30. The music will be directed by Leroy Hartgrove. S. L. Riddle is pastor.

WIDE POSSIBILITIES

"Chemically treated surgical gauze has been developed which can be absorbed by the body. There are cotton broadcloths in wall-to-wall carpets, and so on.

"There are so many unique things about the cotton textile industry, but not the least among them is the length and variety of its coverage in service to the consumer. It extends from the humblest utility to the most glamorous luxury."

"It can, too, put into these satisfactions continually changing elements of novelty, color, glamor, romance and excitement. Endlessly it is recruiting more artists in textile design and cultivating a closeness of coordination and thinking with converters and the world's topmost apparel designers. Out of such combinations of the talents of the scientist and the artist are emerging new triumphs of textile creation."

#### 400 Million

Last year alone, despite a period of depression and greatly reduced earnings in the industry, it spent over 400 million dollars on new plants and equipment, while millions more are being poured into research at the mills, at industry-wide research centers and at the college level textile schools.

"Improved technology has provided us with more jobs with shorter hours, better pay and shorter work weeks. And here in the land of cotton a heavy technological atmosphere is pervading the region which is becoming the fastest growing area of the nation... textile industry is con-

tinuing to grow."

"Such an attitude indeed would have been the equivalent of, or even worse than, those who stand in the way of progress and profit.

"There are so many unique things about the cotton textile industry, but not the least among them is the length and variety of its coverage in service to the consumer. It extends from the humblest utility to the most glamorous luxury."
